SBB

Ad Lectorem.

Hoc psalterium Dauidicum, quo Beatissimus Germanus Parisiorum antistes, quondam usus esse, rum Autor sanctorum reliquiarum diu hy sarrazio consonatum fuisset: ad Bibliothecæ studiosorum gratia, tandem translatum est. Cuius non modo antiquitatem, sed etiam pretium, Ipsæ membranæ purpura violacea tinctæ: et literæ argenteæ, ab vncia, duodecima podie pagine (quæ et pollex dicitur) vncialis ob magnitudinem nuncupatæ, satis indicant. Vnde tales Gabiæ libros olim ditiorum erat, et non eorum quibus res esset angusta domi. Quod D. Hieronymus suas stichedas, et emendatas, optabat, hy prima libri sui præfatione verbis non neglexit

cc Habeant (inquit) qui volunt, vetustos libros, nos hy
cc membranis purpureis auro argentoq; descriptos: vel uncialibus
cc (vt vulgo aiunt) litteris onustos magis quam emendatos
cc Dummodo mihi mendas permittant pauperes Gabiæ stichedas,
cc et non tam pulchros rodices, quam emendatos.

Et hy epla ad Eustorgium, vbi quæsumus virginum delicias et lucernam ardentem præstringit, ait.

cc Inficiuntur membranæ colore purpureo, auro nitet, hy literas, gemmis rodices vestiuntur: et multos ante nostros annos Christum amplectitur.

Anno Incarnati verbi 1269. erat quidam monasterii sanctæ pium ac deuotum, Alexander nomine: qui hy denumeratione reliquiarum sua fidei commissas, specialiter psalterium sancti Germani noiat, rum quibusq; aliis hy reliquijs, quibus modo ornemus, et quæ, quo tpe, a quibus quamue patronis sint allatæ fuerint hynotatur. Reperi autem eam denumerationem, partim a posteribus rotulorum, Autor exactas quas (vt Inscriptio indicat) seruant: eamq; deforis notatum C. 512. hy archiepiscopum Goar vigesima sexta rotulorum. Et sit adhuc hy Gor reuobio (vt hoi appareb) pro illa regione spinea, quam Beatissimus Germanus, Hierosolima Siberiam deuexit, a tuskino Imperatore accepta: Quæ pie ibi custodiat. Reperies quoque ibidem quæ ignorabimus, et multa alia: quæ (vt supra dixi) nunc nobis desiderantur. Bene vale Candido Lector et pro fratre Jacobo du Breul bibliothecario, qui hanc anno Incarnati verbi 1560, Nonis Octobris egerunt, de posteris.

Jota apud grecos nunq̄ est consonans, sed semper vocalis. Unde etiam cum alia vocalem prodit, x pro syllaba effirit. Cui grecorum lituae, cum, i, latinum respondeat: tamen in nonnullis locis consonat. Scripsit Do suus psalterij, grecos imitari maluit. Nunq̄ enim, i, litteram in medio dictionum geminat, ne dubium sit consonans: vt in sibi locis clarebit.

·1·B· Sed tamquā pulvis quē proicit.
o·2·A· Et proximus a nobis longe.
o·22·B· Proicientes me nunc circūdederunt.
